Subject: Re: For today

Hi Leanne,

Thank you again for a great meeting last week. As usual, your artwork genius was very helpful in helping us understand the implications of various management scenarios. As model runs are considered and presented in the future, might it be possible to also include chlorophyll and/or other metrics that Ecology may be considering to assess aesthetic or narrative uses?

Thanks for all that you do!

Chris

See attached for some visuals for today's meeting.

Talk to you all soon.

Leanne
